Dean's Message

A yearbook is scanned by the members of the graduating class that it commemorates as soon as they get it from the printers. Pictures of themselves, their friends, the class trip, and other activities that are still fresh in each person's memory are sought out. The book then disappears in the back of a closet, until it is periodically discovered and the old memories refreshed.

I enjoy looking back over the old copies of the *Terra Mariae*, their pictures reveal the fashions, fads, and follies of the past years. For those of us who tend to appear in them each year, the yearbooks reveal the loss of hair, the growth of the waistline, and even the addition of a beard. The books contain a slice of time out of each graduate's life, what they don't contain is a visual review of the state of pharmacy practice at the same time. As you look back at this book ten or twenty years from now, you'll probably remember that we had a significant shortage of pharmacists which caused the salaries to escalate beyond anyone's prediction — supply and demand does work!

The shortage of pharmacists in 1986 replaced what some individuals called a surplus of pharmacists only a few years earlier. At the same time, major changes in pharmacy practice were occurring. All of those actions clearly demonstrated that pharmacy is always going through a series of dynamic changes. You will have to be able to cope with such modifications in pharmacy practice if you are going to succeed. That will require that you not only maintain your professional competency through continuing education, but that you aggressively defend the privileges and responsibilities of pharmacy against those, both inside and outside our profession, that would work to reduce or even eliminate our roles within the health care system.

Kappa Psi Pharmaceutical Fraternity Sigma Chapter

1985/1986 Officers: *Pledge President* Anitta Dudley, *Chaplain* Lisa Smith, *Secretary* Joan Hastings, *Vice Regent* Laura *Graduate Liaison/Pledge Master* Lisa Browne, *Treasurer* Rob Zunikoff, *Regent* Mike Schuffler, *Historian* Anita Gupta, *Graduate Liaison* Joanne Tilley, *Graduate Liaison* Kathrin Choate.

1986 Officers are sworn in by 1985 Regent Mike Schuffler: *Regent* Anitta Dudley, *Vice Regent* Ronnie Robinson, *Secretary* Anita Gupta, *Treasurer* Gary Cook, *Rush Chairman* Laura Sampson, *Pledge Master* Lisa Browne, *Chaplain* Frank Johnson, *Historian* Vince Pearson.

Our Pledges, John, Frank, Anitta, Crystal, Gary, Mari, Eleanor, Paul, Ronni and Vince learned some Kappa Psi songs which they sang for the brothers at the wine and cheese party they threw for us — And sang again at the Synapse on initiation while Lisa, the Pledgemaster, looked on.

The objectives of Kappa Psi are too long and too heavy to be recounted here. Let it suffice to say that as a Professional Fraternity we have our fun, but have a serious side also. This year we initiated ten pledges, held our Spring and Fall Banquets, held numerous bake sales and bagel breakfasts, had a few parties and co-sponsored the Toys-For-Tots party at Christmas.

Brother Lisa — Our Ambassador to the world at the GCC; she also visited the Province II and III Meetings.

At the Fall Banquet, Dr. Blomster holds Laura and Joanne at captive audience.

Dr. and Mrs. Blomster, Ronni and Tom Robinson and Bonnie Purdy listen as graduate student Mark Sugarman recalls Kappa Psi escapades in Detroit.

THE MARYLAND PHARM-ACEUTICAL ASSOCIATION

Congratulations Class of 1986

The Maryland Pharmaceutical Association has been behind you during your days in Pharmacy School. But unlike your formal academic experience, your involvement with the M.Ph.A can continue and grow throughout your professional life. If you are serious about progress and concerned about the future of Pharmacy, we urge you to remain active in the Association. Find out how you can contribute and help us all determine the course of the profession you are now embarking upon.

The M.Ph.A is YOUR Association.
